

# South East Orchid Society

## Autumn Open Table Show Results

October 2021

Entries were a few less than usual, presumably due to the ongoing pandemic.

## It's November and we have now had an actual Open Show, the first since March of last year!

Yes, it was a fairly good show, but there were only two rows of tables instead of the usual three, and less than forty actual entries. Indeed several of us bought orchids and put them in as 'display only' just to make the numbers up.

Laurence Hobbs Orchids provided a trade stand with many spectacular plants and a wide range of accessories
