## Spring Open Table Show Results

March 2024

An impressive array of Orchids greeted visitors to the society's Spring Show, especially a pair of Dendrobium kingianum, the biggest entries in the show. The event was held on March 24<sup>th</sup>, a week later than our usual events, to avoid clashing with the RHS Orchid Show.

Laurence Hobbs Orchids (<https://laurencehobbсорchids.co.uk/>) brought grand selection of Orchids, enabling many of us to add to our collections. Companion plants were also for sale, which were popular, along with a cultural advice and repotting table too.
