Spring Open Table Show Results

March 2022

Setting up in the morning

The Spring Show was a great success with many entries, including a couple of huge plants from one member. One of those, *Dendrobium speciosum*, won Best in Show, as well as Best Species, and Best Dendrobium, plus the People's Choice. Another member won Reserve Best in Show and Best Laelinae with their *Dinema polybulbon*.

There were many members who worked together to make the show such a great success. Including the catering team who produced some delicious cakes and savouries, the donators of tombola prizes and selling of tickets, the setting out of tables, and of course our team of Judges.

We also thank Laurence and Sandra (Laurence Hobbs Orchids : <https://laurencehobbсорchids.co.uk/>) for setting up their stall, and dealing with all kinds of enquiries, as well as selling plants.

Above: Dendrobium speciosum was a well deserved winner of Best in Show.

Above: Cymbidium was a clear winner in its class.

Above: White Phalaenopsis won best Phal and Best Hybrid trophies.

Above: Photo of a Cattleya won the Arts, Crafts and Photography trophy.

Below: Best Odontoglossum Alliance with a colourful Cambria Orange Delight.

Below: Dinema Polybulbon was Reserve Best in Show and also achieved the Best Laeliniae award

And, of course, the event wouldn't have happened if it were not for many SEOS members bringing along such an excellent array of plants.
